The Boards of Directors of
The Continuous Learning Group, Inc.,
Envision Development Group, Inc.,
and Multi Dimensional International, Inc.:

We have audited the accompanying combined balance sheet of The Continuous Learning Group, Inc., Envision Development Group, Inc., and Multi Dimensional International, Inc. We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. Notes to Combined Financial Statements

December 31, 1997

=====

(1) BUSINESS ACTIVITY AND ACCOUNTING POLICIES

(A) BUSINESS ACTIVITY

The Companies consist of three individual entities: The Continuous Learning Group, Inc. (CLG), a Delaware corporation incorporated in 1994; Envision Development Group, Inc. (EDG), a Delaware corporation incorporated in 1994; and Multi Dimensional International, Inc. (MDI), a Florida corporation incorporated in 1988. The entities have common ownership. Thus, the combined financial statements are being presented herein. CLG employs consultants (employees and subcontractors) who provide management training to large corporations; CLG's owners/officers are also significantly involved with the delivery of its services. EDG provides production and administrative support services to CLG and unrelated third parties; EDG employs full-time personnel. MDI employs consultants (subcontractors) who provide performance consulting and training to corporations. Business activities are contingent upon contract awards from customers. All intercompany transactions have been eliminated in combination.

(B) ACCOUNTING POLICIES

The accounting policies of the Companies conform to generally accepted accounting principles with significant policies described as follows:

- ACCOUNTS RECEIVABLE - Management believes all accounts receivable are current and collectible. Therefore, the Companies have not included a provision for uncollectible accounts. Any accounts deemed to be uncollectible will be charged to expense when that determination is made. The Companies grant credit to their customers.
- PROPERTY AND EQUIPMENT - Property and equipment are stated at cost or, in the case of equipment under capitalized leases, the present value of future lease payments. Depreciation is provided over estimated useful lives ranging from five to seven years using the straight-line method. Expenditures for maintenance are charged to expense as incurred.
- REVENUE - Revenue is recognized as services are performed.

(C) USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management of the Companies to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual amounts could differ from those estimates.

(2) INCOME TAXES

The stockholders of the Companies have elected to file under Subchapter S for state and federal income tax purposes. No provision for income taxes has been reflected in the combined financial statements as the taxable income or loss is reflected on the individual income tax returns of the stockholders.

The combined average balance outstanding on these lines of credit was approximately \$95,000 in 1997. The maximum outstanding on these lines of credit was \$200,000 in 1997. These lines of credit are secured by personal guarantees by two of the stockholders. No amounts were drawn on these lines of credit at December 31, 1997.

(5) CONCENTRATION OF CREDIT RISK

During 1997, revenue from three major customers amounted to approximately 84 percent of revenues. Accounts receivable related to these major customers were approximately \$1,500,000 at December 31, 1997.
