

SECOND-QUARTER 2019

Investor Presentation

Forward-Looking Statements & Non-GAAP Measures

Forward-looking statements in this presentation are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from those projected. Such risks and uncertainties include, but are not limited to: we may be more sensitive to revenue fluctuations than other companies, which could result in fluctuations in the market price of our common stock; payments on accounts receivable may be slower than expected, or amounts due on receivables or notes may not be fully collectible; we are dependent on the services of our executive officers and other key employees, the loss of any of whom may have a material adverse effect on our business, financial condition and results of operations; restrictions imposed by independence requirements and conflict of interest rules may limit our ability to provide services to clients of the attest firms with which we have contractual relationships and the ability of such attest firms to provide attestation services to our clients; our goodwill and intangible assets could become impaired, which could lead to material non-cash charges against earnings; our goodwill and intangible assets could become impaired, which could lead to material non-cash charges against earnings; certain liabilities resulting from acquisitions are estimated and could lead to a material non-cash impact on earnings; governmental regulations and interpretations are subject to changes, which could have a material adverse effect on revenue; changes in the United States healthcare environment, including new healthcare legislation, may adversely affect the revenue and margins in our healthcare benefit businesses; we are subject to risks relating to processing customer transactions for our payroll and other transaction processing businesses; cyber attacks or other security breaches involving our computer systems or the systems of one or more of our vendors could materially and adversely affect our business; we are subject to risk as it relates to software that we license from third parties; we could be held liable for errors and omissions; the future issuance of additional shares could adversely affect the price of our common stock; our principal stockholders may have substantial control over our operations; we require a significant amount of cash for interest payments on our debt and to expand our business as planned; terms of our credit facility may adversely affect our ability to run our business and/or reduce stockholder returns; our failure to satisfy covenants in our debt instruments will cause a default under those instruments; we are reliant on information processing systems and any failure of these systems could have a material adverse effect on our business, financial condition and results of operations; we may not be able to acquire and finance additional businesses which may limit our ability to pursue our business strategy; the business services industry is competitive and fragmented; if we are unable to compete effectively, our business, financial condition and results of operations may be negatively impacted; there is volatility in our stock price. A more detailed description of such risks and uncertainties may be found in the Company's filings with the Securities and Exchange Commission.

All forward-looking statements made in this presentation are made only as of the end of the second quarter of 2019. The Company does not undertake any obligation to publicly update or correct any forward-looking statements to reflect events or circumstances that subsequently have occurred or of which it thereafter has become aware since the end of the second quarter of 2019.

The Company has included certain Non-GAAP measures in this presentation. Non-GAAP measures are commonly used by the Company, its shareholders and debt holders to evaluate, assess and benchmark the Company's operational results and to provide an additional measure with respect to the Company's ability to meet future debt obligations. Reconciliations for Non-GAAP measures can be found in the Appendix.

- (1) CBIZ reports its financial results in accordance with GAAP. This table reconciles the nearest GAAP financial measure, "Corporate G&A expenses" to Non-GAAP financial measures.
- (2) CBIZ sponsors a deferred compensation plan, under which a CBIZ employee's compensation deferral is held in a rabbi trust and invested accordingly as directed by the employee. Income and expenses related to the deferred compensation plan are included in "Corporate general and administrative expenses" and are directly offset by deferred compensation gains or losses in "Other (expense) income, net." The deferred compensation plan has no impact on "Income from continuing operations before income tax expense."
